[Tentative Stakeholder Meeting Agenda2.pd](#)

[Computers v6.0 Discussion Document.p](#)

Dear ENERGY STAR® Computer Manufacturer or Other Interested Party:

EPA invites interested stakeholders to RSVP for EPA's March 10th Version 6.0 Computers Stakeholder meeting. Attached is a Version 6.0 Discussion Guide for review and a tentative agenda.

EPA will be holding an in-person meeting on Thursday, March 10, 2011, from 9 AM to 5:00 PM, Eastern Standard Time, in Washington DC, to kick off the ENERGY STAR Version 6.0 specification development process. To participate in this online meeting, stakeholders must register to attend no later than Friday, March 4th, 2011. Please RSVP by clicking this [link](#), or by emailing computers@energystar.gov with the subject "RSVP – ES Computer March 10 meeting."

Please note that due to space constraints, EPA can only accept a maximum of two in-person participants per organization. EPA plans to offer a conference call-in line and shared meeting materials for remote attendees.

EPA will provide opportunities for brief stakeholder presentations at various points in the meeting; if interested, please indicate a proposed topic in your RSVP email or by contacting computers@energystar.gov. EPA asks that those who intend to participate in this meeting review the attached Discussion Guide in advance and come to the meeting prepared to contribute to the discussion on the topics presented.

Thanks you for your continued support of ENERGY STAR!

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your [MESA](#) account. If you are not a partner organization and wish to opt out of receiving e-mails, you may call the ENERGY STAR Hotline at 1-888-782-7937 and request to have your mass mail settings changed. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
