Dear ENERGY STAR® Displays Manufacturer or Other Interested Party:

The U.S. Environmental Protection Agency (EPA) has extended the deadline for Phase 1 comments to the Draft 1 Version 6.0 ENERGY STAR Displays Test Method until **Tuesday, June 21, 2011**. Please submit comments to EPA via email to [displays@energystar.gov](mailto:displays@energystar.gov). As a reminder, EPA has divided the comment period into two phases:

- **Phase 1** - Request clarification or guidance on applying IEC 62087 to test all display products (through June 21, 2011): EPA will redistribute an updated test method incorporating any clarifications with an accompanying data assembly form.
- **Phase 2** - Submit all test data and comments on the proposed draft specification (through July 18, 2011): EPA will consider all test data and comments on the proposed edits in the Draft 1 specification and test method in its analysis for Draft 2. EPA will also propose performance levels for all product types/sizes in Draft 2.

Stakeholders are invited to participate in a Webinar to discuss specification development and comments to Draft 1 on **Wednesday, June 22, 2011, 1-4pm Eastern Time**. Please RSVP no later than **Tuesday, June 21, 2011** via email at [displays@energystar.gov](mailto:displays@energystar.gov) with the subject "RSVP - ES Displays June 22 Meeting."

If you have any questions, please contact Verena Radulovic, EPA, at [radulovic.verena@epa.gov](mailto:radulovic.verena@epa.gov) or (202) 343-9845, or Nina Ruiz, ICF International, at [nruiz@icfi.com](mailto:nruiz@icfi.com) or (914) 997-0587.

Thank you for your continued support of the ENERGY STAR program.

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your MESA account. If you are not a partner organization and wish to opt out of receiving e-mails, you may call the ENERGY STAR Hotline at 1-888-782-7937 and request to have your mass mail settings changed. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
